Annotation

Because of space limitation on Desktop Layout page, the drop down menu was presented differently than what it is on this page.

1. VisoCast Button takes the users to the main page.

2. In this page The Global Navigation shows that when users hover on the "Movie" menu bar, the drop down menu opens and the user can choose the program category of their interest.

3. Kids Button takes the users to the Kids page

4. Drop Down Menu
